3- Verifying the Paper: Steps for checking or converting PDFs using IEEE PDF Express

ICECCME 2026 has registered to use IEEE PDF eXpress to generate and verify the format of all papers submitted. IEEE PDF eXpress is a free service to IEEE Conferences, allowing their authors to make IEEE Xplore-compatible PDFs (Conversion function) or to check PDFs that authors have made themselves for IEEE Xplore compatibility (PDF Check function).

Steps:

3.1. Create your manuscript(s).

3.2. Proofread and check layout of manuscript

3.3. Create IEEE PDF eXpress account.

Log in to the IEEE PDF eXpress TM site : <https://ieee-pdf-express.org>

First-time users should do the following:

Select the New Users – Click this link: <https://ieee-pdf-express.org/account/signup>

Enter the following:

68489X for the Conference ID

your email address

a password

Continue to enter information as prompted.

An online confirmation will be displayed and an email confirmation will be sent verifying your account setup.

Previous users of PDF eXpress need to follow the above steps, but should enter the same password that was used for previous conferences. Verify that your contact information is valid.

3.4. Upload source file(s) for Conversion; and/or PDFs for Checking (Conference ID is 68489X). Uploading a paper to IEEE PDF eXpress is not the same as submitting the paper to the conference for review. The checked PDF paper still needs to be submitted by the normal means.

3.5. Use IEEE PDF eXpress to attain IEEE Xplore compatible PDF(s). The site contains extensive instructions, resources, helpful hints and access to technical support.

Please approve your pdf file after converting.
